

## HELP SOMEBODY TO JESUS

BY: TIMOTHY GREEN

Mark 2:1-5 tells us that there was a man who was sick of the palsy. This man's condition was so bad, that he was bed ridden. But thank God, he had four friends that were concerned enough about his condition, that they were willing to take the time to take him to Jesus.

What is more important in your life then helping somebody find Jesus? The reason we are here today, is because somebody invited us, somebody brought us, somebody helped us. We were not born with a relationship with Jesus Christ. Parents, family members, friends, preachers; somebody helped us get to where we are today.

Our world is full of selfishness. People who are only concerned about themselves. Their four and no more. Selfishness might be found in the world, but it has no place in the church.

If you have been saved and have the Spirit of God living inside of you, then you have the greatest gift heaven has for earth. But we haven't just been blessed to be blessed; we have been blessed in order that we might be a blessing to somebody else. To whom much is given much is going to be required! God expects us to tell others what we know and share with others the things we have experienced.

The Bible lets us know that when God comes back, he expects to get a good return on His investment in us. Those who did nothing with what they had been given, lost what they had and they were cast into outer darkness.

The man was sick and couldn't help himself. His situation appeared hopeless but he had four friends that cared about him enough and had faith enough, to help him get to Jesus.

We meet people every day who have been left crippled by sin. Their lives are broken and shattered. They can't help themselves. They need somebody to help them. That somebody is Jesus. That somebody who can help them find Him is YOU.

Friend Day is April 24<sup>th</sup>. It's God's will for you to help somebody find Him. There are people who if you don't reach them, they won't be reached. Help somebody to Jesus. They are waiting on you.
