

GOD OWNS IT ALL

PASTOR TIMOTHY GREEN

Ps 24:1 The earth is the LORD's, and the fullness thereof; the world, and they that dwell therein.

Wise people understand the difference between the owner and the manager, the owner and the steward. Wise people understand that the manager owns nothing, that everything belongs to the owner, that the manager is only there to take care of that which belongs to the owner.

When it comes to the things that I possess, the things that I have responsibility for, things in my life, I am manager of those things, not owner. Everything belongs to God.

All that I have does not actually belong to me. It all belongs to God. My house, my truck, my wives car, my bank account, everything that is mine, is not really mine; it all belongs to the Lord. I am the steward of those things, but I am not the owner. God's the boss; I'm the servant. I take care of God's things, not my things. All that I have belongs to God.

Wise people hold things lightly, living for eternity. Wise people live to please God and not themselves.

Wise people understand the difference between the owner and the manager.

God is the owner, I am the manager. I want to manage God's things wisely. In a manner that please Him and brings Him glory.
