

SPIRITUAL PASSION

PASTOR TIMOTHY GREEN

Webster defines passion as “extreme, compelling emotion; intense emotional drive or excitement; enthusiasm or fondness, strong love or affection.”

You might not be sure how to define it, but you know what it is. You know when you have it and when you don't.

Passion is something that gets a hold of you. Passion moves a person. A person with passion, isn't just going through the motions. They have a drive, a strong desire, a compelling force within them, that propels them forward.

People in our world who rise to the top of their profession usually do so because they are fueled by passion.

Galatians 6:9 says, “Let us not be weary in well doing; for in due season we shall reap, if we faint not.”

We all know what it feels like to grow weary, but whenever we begin to feel that way, we must not faint. We must not give up. We must not throw in the towel. We've got to find us a place to pray and ask God to renew us once again.

We cannot afford to allow our experience with God to grow stale. We must have fresh bread, fresh oil and a fresh anointing.

There are too many lifeless “Christians” walking around in our world today. They might have a form of godliness, but the power is missing in their lives. The fire that once burned hot in their soul, has gone out.

The longer we live, the more we see and experience, but we must not allow time and circumstances to cause us to lose the wonder of it all. We must remain passionate in our relationship with God.

The Bible tells us to “Be fervent in spirit; serving the Lord.”

The word “fervent” means to be passionate. Be enthusiastic.

May God help us to always be passionate about the things of the Spirit and the work of God.
